## Professional Experience Summary:

With over 25 years of comprehensive experience in software development, project management, and product development, I have adeptly maneuvered through various roles spanning Technology, Management, Delivery, Leadership, Training, and Coaching.

Over the past 11 years, my primary focus has centered on delivering outstanding training and coaching in Agile, Scrum, and cultivating high-performance Agile Teams.

Demonstrating a robust background in orchestrating end-to-end Agile transformations for large-scale organizations, I have honed the skill of driving impactful changes. Throughout the last 11 years, my unwavering commitment to excellence has translated into training over 20,000 professionals through both Public and Private workshops.

This track record underscores my commitment to delivering top-tier training experiences and driving positive organizational transformations.

As a certified Training from the Back of the Room (TBR) trainer, my approach to training is distinctive in that I eschew traditional PowerPoint presentations, opting instead for dynamic and engaging methodologies. By leveraging the principles of TBR, I ensure that learning is not a passive experience but an interactive and participatory journey.

### Key Statistics:

## Career Summary:

While my career has been concentrated within four organizations, it has provided me with profound knowledge and extensive experience gained through diverse roles. This experience has been instrumental in developing a deep understanding of organizational cultures, leadership styles, strategies, and the growth patterns of both individuals and organizations.
